Motorized Cart with Lift Table

The Ergo-Express® Motorized Cart with Lift Table is the versatile, all-in-one solution to handle a multitude of material handling tasks. Seamlessly combine the benefits of a motorized platform cart with a robust hydraulic scissor lift.

Eliminate the need for manual pushing or pulling and easily transport heavy loads across your facility. Effortlessly raise, lower, and position materials while working at an ergonomically correct height. Reduce the strain on your workforce, improve productivity, and enhance workplace safety.

Motorized Cart with Lift Table

THE ALL-IN-ONE SOLUTION

Combine the benefits of a power drive system and a scissor lift table.

Move More, Strain Less

Transport up to 2,000 pounds with zero manual push or pull force. Effortlessly travel over long distances, tight corners, and thresholds.

Lift with Ease

Lift up to 1,000 pounds and position materials at a comfortable working height. Accurately position the platform with a precise, handheld pendant.

Designed Around You

Work with our dedicated sales team to create a solution that meets your specific needs. Every aspect of your Motorized Cart, from platform size and finish to weight capacity, will be fit to your application.

HOLISTIC CUSTOMER FOCUS

We strive to make each customer experience outstanding through the entire life of the product.

COLLABORATIVE DESIGN PROCESS

We place an emphasis on building quality relationships based on honesty and trust. Our dedicated and experienced team members work with you through the design process from the first call through product implementation and beyond. Our team will ask the right questions and provide the right solution for you.

VIRTUAL DESIGN REVIEW

PHS West takes pride in being at the cutting edge of digital communications. Schedule a virtual meeting with your sales representative to review designs. Participate in product demonstrations from any location via our virtual show room. Rest assured that you will know exactly what to expect before making a final decision.
