### **Motorized Tilt Trash Truck**

The Ergo-Express® Motorized Tilt Trash Truck is the safe and efficient solution to transporting large volumes of waste. Combining the benefits of a power drive system with the common industry practice of a tilt cart, allow any staff member to transport and dump even the heaviest loads.

Eliminate the need for manual pushing or pulling and easily move waste across your facility. Empty the bin with minimal effort using the built in tilt system to dump bulk waste. Reduce the strain on your workforce, improve productivity, and enhance workplace safety.

# Motorized Cart with Lift Table

## THE ALL-IN-ONE SOLUTION

Combine the benefits of a power drive system and a tilt trash cart.

### Move More, Strain Less

Transport up to 1,000 pounds with zero manual push or pull force. Effortlessly travel over long distances, tight corners, and thresholds.

### Take Out the Trash

Seamlessly load and empty bulk waste. The ergonomic, constant force design allows any staff member to effortlessly tilt the bin for dumping.
